**PROXY STATEMENT
2019 ANNUAL MEETING OF STOCKHOLDERS**

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS: Copies of this Proxy Statement and the Annual Report on Form 10-K for the year ended December 31, 2018 are available at <https://www.cstproxy.com/nwlg/2019>.

This proxy statement and the accompanying proxy are being made available to stockholders on or about May 3, 2019 in connection with the solicitation by the Board of Directors (the "Board of Directors") of National Western Life Group, Inc. of proxies to be used at the 2019 Annual Meeting of Stockholders (the "Annual Meeting") of National Western Life Group, Inc. to be held on Friday, June 21, 2019 at the Company's principal executive offices located at 10801 N Mopac Expy Bldg 3, Austin, TX 78759 at 8:30 a.m. local time. Unless the context requires otherwise, references in this proxy statement to "NWLGI," "the Company," "we," "us," or "our" refer to National Western Life Group, Inc. and its wholly owned subsidiaries, including National Western Life Insurance Company, or NWLIC.

PURPOSES OF THE ANNUAL MEETING

The purposes of the annual meeting are to:

1. Elect three designees of holders of Class A Stock and six designees of holders of Class B Stock, for a total of nine members to the board of directors of NWLGI, who shall hold office until the next annual stockholders' meeting or until their respective successors have been elected or appointed or until their earlier death, resignation, or removal (Proposal 1);
2. Ratify the appointment of the firm of BKD, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019 (Proposal 2); and
3. Transact such other business as may properly come before the meeting or any adjournment thereof.

QUORUM AND VOTING

Holders of record of our Class A common stock, par value \$0.01 per share (the "Class A Stock"), and our Class B common stock, par value \$0.01 per share (the "Class B Stock" and, together with the Class A Stock, the "Common Stock"), at the close of business on April 23, 2019, will be entitled to notice of and to vote at the Annual Meeting or any adjournment or adjournments thereof. As of April 23, 2019, there were 3,436,020 shares of Class A Stock outstanding, held by 2,448 holders of record and 200,000 shares of Class B Stock outstanding, held by two holders of record. The number of holders of record does not include any beneficial owners for whom shares of Common Stock may be held in "nominee" or "street" name.

Stockholders of record at the close of business on April 23, 2019 will be entitled to vote at the Annual Meeting. Each stockholder is entitled to one vote per share held by such holder on all matters coming before the Annual Meeting, except as otherwise described below.

The presence, in person or by proxy, of the holders of one-half (1/2) of the total of each of the Class A Stock and the Class B Stock will constitute a quorum at the Annual Meeting. If a quorum is not present or represented at the Annual Meeting, the stockholders entitled to vote thereat, present in person or represented by proxy, have the power to adjourn the Annual Meeting from time to time without further notice, other than announcement at the Annual Meeting, until a quorum is present. At such reconvened Annual Meeting at which a quorum is present, any business may be transacted as originally noticed. Abstentions and broker non-votes (shares held by a broker or nominee that does not have the authority to vote on a matter, and has not received instructions from the beneficial owner) are counted as present in determining whether the quorum requirement is met.

Election of Directors. Article V of our Restated Certificate of Incorporation, as amended (as so amended, the "Restated Certificate of Incorporation"), provides that the Class A stockholders have the exclusive right to elect one-third (1/3) of the members of our Board of Directors, plus one director for any remaining fraction, and that the Class B stockholders have the exclusive right to elect the remaining members of our Board of Directors. Our Amended and Restated Bylaws ("Bylaws") provide that directors are elected

by a plurality vote of each class of stock voting separately. Abstentions and broker non-votes will not have any impact on the result of the vote on this item.

In view of Robert L. Moody, Sr.'s ("Mr. Moody") ownership, as of April 23, 2019, of more than 99% of the outstanding shares of Class B Stock, as well as Mr. Moody's ownership of 33.7% of the Class A Stock outstanding (see Stock Ownership table below), Mr. Moody holds the voting power to elect a majority of our Board of Directors. We are considered to be a controlled company, and Mr. Moody is the controlling stockholder.

Ratification of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the shares of the Class A and Class B Common Stock, voting together as the same class, cast at the annual meeting, in person or by proxy, is required to ratify the appointment of BKD, LLP to serve as our independent registered public accounting firm. Abstentions will not have any impact on the result of the vote on this item.

The Inspector of Elections for the Annual Meeting will be Rey Perez, our Senior Vice President - Chief Legal Officer and Secretary, and he will tabulate the votes. We will announce preliminary voting results at the Annual Meeting. The final official voting results from the Annual Meeting will be disclosed in a Current Report on Form 8-K to be filed within four business days after the Annual Meeting.

You may vote your proxy by Internet, telephone, or mail, as explained below. Votes submitted electronically over the Internet or by telephone must be received by 7:00 p.m., Eastern Daylight Time, on June 20, 2019. Voting your proxy does not limit your right to vote in person should you decide to attend the Annual Meeting. The law of Delaware, under which NWLGI is incorporated, specifically permits electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the Inspector of Elections of the Annual Meeting can determine that such electronically transmitted proxy was authorized by the stockholder. If your shares are held in the name of a broker, bank, or other holder of record, you will be provided voting instructions from the holder of record. **If you vote by Internet or telephone, please do not mail in a proxy card as it will revoke your Internet or telephone proxy.**

- **Internet.** Access the Internet voting site at <https://www.cstproxy.com/nwlg/2019>. Follow the on-screen instructions and be sure to have the control number listed on your proxy card available when you access the Internet voting site. Please note that stockholders that vote through the Internet must bear all costs associated with electronic access, including Internet access fees.
- **Telephone.** Dial the toll free number found on your proxy card. Follow the voice prompts and be sure to have the control number listed on your proxy card available when you call.
- **Mail.** If you requested printed copies of the proxy materials, you may vote by mail by simply marking, signing, dating, and returning the proxy card in the postage-prepaid envelope provided for your convenience.

If a stockholder properly uses the Internet voting procedures described on the proxy card, or calls the toll-free telephone number, or completes, signs, dates, and returns the proxy card, by 7:00 p.m., Eastern Daylight Time, on June 20, 2019, his, her, or its shares will be voted at the Annual Meeting in accordance with his, her, or its instructions. If a stockholder returns a proxy card unsigned or undated, his, her, or its vote cannot be counted. If a stockholder signs and dates a proxy card, but does not fill out the voting instructions on the proxy card, the shares represented by the proxy will be voted in accordance with the Board of Directors' recommendations, as follows:

- **FOR** the election of each of the nominees to the Board of Directors to hold office until the next annual stockholders' meeting or until their respective successors have been elected or appointed or their earlier death, resignation, or removal;
- **FOR** the ratification of the appointment of the firm of BKD, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019; and
- In addition, if any other matters properly come before the Annual Meeting, Ross R. Moody, our President and Chief Executive Officer, and Rey Perez, our Senior Vice President - Chief Legal Officer and Secretary, the named proxies, have discretionary authority to vote on those matters in accordance with their best judgment. The Board of Directors is not currently aware of any other matters that may come before the Annual Meeting.

REVOCABILITY OF PROXY

The proxy is for use at the Annual Meeting if a stockholder will be unable to attend in person. The proxy (whether submitted by mail, telephone, or Internet) may be revoked by a stockholder at any time before it is exercised on the date of the Annual Meeting by:

- executing and delivering a written notice of revocation to the Secretary of NWLGI at our principal executive offices;
- submitting a later-dated proxy by Internet in the manner specified above, by telephone in the manner specified above, or in writing to the Secretary of NWLGI at our principal executive offices; or
- attending and voting in person at the Annual Meeting.

Attendance at the Annual Meeting will not revoke a proxy unless a stockholder provides written notice of revocation to the Secretary of NWLGI before the proxy is exercised or unless the stockholder votes his or her shares in person at the Annual Meeting. Street name holders that vote by proxy may revoke their voting instructions in accordance with their broker's, bank's, or other nominee's procedures.

SOLICITATION

This solicitation is made on behalf of our Board of Directors. The cost of preparing, assembling, printing, and mailing the Notice of Internet Availability of Proxy Materials, Notice of Annual Meeting of Stockholders, this proxy statement, the proxy card, and any additional materials, as well as the cost of soliciting the proxies will be borne by us, including reimbursement paid to brokerage firms and other custodians, nominees, and fiduciaries for reasonable costs incurred in forwarding the proxy materials to, and solicitation of proxies from, the beneficial owners of shares held by such persons. In addition, our officers, directors, and other regular employees, without additional compensation, may solicit proxies by mail, email, personal interview, telephone, or other electronic transmission.

PROPOSAL 1: ELECTION OF DIRECTORS

Our Restated Certificate of Incorporation and Restated Bylaws provide that the Board of Directors shall consist of a number of directors to be fixed from time to time exclusively by resolution of the Board of Directors. The Board of Directors currently consists of nine members. A Board of Directors composed of nine persons is recommended by the Board of Directors to be elected at the 2019 Annual Meeting to serve until the next Annual Meeting of Stockholders, or until their successors have been duly elected and qualified, or until their earlier death, resignation, or removal. As such, proxies cannot be voted for a greater number of persons than the number of nominees named. Article V of the Restated Certificate of Incorporation of the Company provides that the Class A stockholders shall have the exclusive right to elect one-third of the Board of Directors, plus one director for any remaining fraction, and that the Class B stockholders shall have the exclusive right to elect the remaining members of the Board of Directors. Accordingly, the Board of Directors recommends the election of three Class A nominees and six Class B nominees indicated below. A plurality of each class of stock voting separately will be necessary to elect the directors of that particular class. The Restated Certificate of Incorporation of the Company does not permit cumulative voting for directors.

It is the intention of the persons named in the proxy, in the absence of a contrary direction, to vote **FOR** the election of each of the nine persons named in this proxy statement as nominees for director for a one-year term expiring at the 2020 Annual Meeting of Stockholders or until their successors are duly elected and qualified or until their earlier death, resignation, or removal.

Nominees for the Board of Directors

Our nominees for the election of directors include five independent directors, as defined by the NASDAQ Listing Rules and determined by the Board of Directors, and two members of our senior management. The names of the nominees for election as a director to serve until the 2020 Annual Meeting of Stockholders, or until their earlier death, resignation, or removal, and certain additional information with respect to each of them, are set forth below. The nominees have consented to be named in this proxy statement and to serve as directors, if elected. Except as indicated in "Relationships among Directors and Executive Officers" below, there are no family relationships among any of our executive officers or the director nominees.

If, at the time of or prior to the Annual Meeting, any of the nominees is unable or declines to serve, the persons named as proxies may use the discretionary authority provided in the proxy to vote for a substitute or substitutes designated by the Board of Directors. If the proxy has been marked to withhold authority to vote for the nominees, the proxy will not then be voted either for or against such substitute nominees. The Board of Directors has no reason to believe that any substitute nominee or nominees will be required.

In accordance with the Company's Audit Committee Charter, related party transactions must be reviewed and approved by the Audit Committee of the Board of Directors, both at inception and on an ongoing basis. Periodic reports of potential related party transactions are brought to the attention of the Audit Committee by management and the Audit Committee reviews the information on a case by case basis to determine if any transaction is a related party transaction. The standard of review for any related party

transaction is that the transaction must be fair to the Company and the transaction must be no more favorable to the related party than a similar arm's length transaction with a non-related party.

INFORMATION RELATING TO OUR BOARD OF DIRECTORS AND CERTAIN COMMITTEES OF OUR BOARD OF DIRECTORS

The Board of Directors

Our business is managed through the oversight and direction of our Board of Directors. The Board of Directors currently has nine members and, as detailed in Proposal 1, it recommends a Board of Directors comprised of nine members for the ensuing year.

Meetings of the Board of Directors

During 2018, the Board of Directors held a total of seven meetings. In addition to meetings, the Board of Directors acts by written consent from time to time but did not do so during 2018. All of the current directors that were members of the Board of Directors during 2018 attended more than 75% of the meetings. Each such director attended more than 75% of the meetings of the committees of which he is a member that were held during 2018.

Attendance at Annual Meetings of Stockholders

We encourage but do not require the members of our Board of Directors to attend the annual meeting of stockholders. Eight of the then current members of the Board of Directors attended the 2018 annual meeting of stockholders.

Board Leadership / Affirmative Determinations Regarding Director Independence

The Company is a "Controlled Company" as defined in NASDAQ Listing Rule 5615(c)(1) and is exempt from the requirement to have a majority of the members of its Board of Directors as independent directors. The Company qualifies as a Controlled Company because more than 50% of the voting power for the election of directors is held by Robert L. Moody, Sr.

The Board of Directors does not currently separate the role of Chairman of the Board from the role of Chief Executive Officer (both of which are held by Mr. Ross R. Moody) because it believes that this structure currently provides the most efficient and effective leadership model for the Company. The Company does have a separate lead independent director, David S. Boone, who was elected to the position by the Company's independent directors. The Board of Directors has affirmatively determined that each of Messrs. Dr. Thomas A. Blackwell, David S. Boone, Stephen E. Glasgow, E. Douglas McLeod, and E. J. Pederson are "independent directors" as such term is defined in NASDAQ Listing Rule 5605(a)(2). The independent directors met in executive session on three separate occasions during 2018.

The Compensation and Stock Option Committee and the Audit Committee will be comprised solely of "independent director" nominees elected at the Annual Meeting. The Board of Directors has affirmatively determined that each such member of these committees satisfies the independence requirements applicable to audit and compensation committees as prescribed by the NASDAQ Listing Rules and the rules and regulations of the SEC. Ross R. Moody and Charles D. Milos are not "independent directors" because they are our Chairman of the Board, President and Chief Executive Officer, and NWLIC's Senior Vice President - Mortgage Loans and Real Estate, respectively. Ann M. Moody and Frances A. Moody-Dahlberg are not "independent directors" because they are Family Members, as defined by NASDAQ Listing Rule 5605(a)(2), of an individual who is employed by the Company as an Executive Officer.

Risk Management

Similar to other companies, NWLGI is exposed to a wide spectrum of financial, operational, and other risks. Effective enterprise risk management ("ERM") is a key concern for identifying, monitoring, measuring, communicating, and managing risks within limits and risk tolerances. The Company's Board of Directors and senior management are knowledgeable of and accountable for key risks. The full Board of Directors of the Company (as well as the Board of Directors of NWLIC) meets at least every other month and regularly hears reports from the President and Chief Executive Officer, the Chief Financial Officer, the President and Chief Operating Officer (NWLIC), the Chief Actuary (NWLIC), the Chief Investment Officer (NWLIC), and the Chief Legal Officer. In addition, the Board of Directors of the Company has several committees, including the Audit Committee and the Compensation and Stock Option Committee, and the Board of Directors of NWLIC has an Investment Committee and an Executive Committee, that regularly convene to address various aspects of risk. Day-to-day responsibility for the overall ERM governance framework resides with NWLIC's designated Chief Risk Officer.

The Company maintains several management groups and committees that meet regularly to monitor, discuss, and manage a variety of issues and risks associated with the business. These groups and committees include numerous areas such as regulatory compliance, financial reporting process and controls, fraud unit investigations, product spread management, and business strategy. Key members of senior management are involved with these groups and committees providing direction and oversight and serve as a reporting liaison with the Company's Board of Directors and sub-committees.

COMMITTEES OF THE BOARD OF DIRECTORS

NWLGI's Board of Directors has a standing and separately designated Audit Committee and a Compensation and Stock Option Committee. Additionally, NWLIC's Board of Directors maintains an Executive Committee and an Investment Committee. Information regarding each of these committees is set forth below.

Audit Committee

The Audit Committee of the Board of Directors consists of four non-employee directors. Pursuant to the NASDAQ Listing Rules and federal securities laws, all of the members of the Audit Committee are independent. The committee is primarily responsible for oversight of the Company's financial statements and controls; assessing and ensuring the independence, qualifications, and performance of the independent auditors; appointing and retaining the independent auditors; approving the independent auditor's services and fees; reviewing and approving all related party transactions; reviewing potential conflict of interest situations where appropriate; overseeing and directing internal audit activities; reviewing the Company's financial risk assessment process and ethical, legal, and regulatory compliance programs; oversight of the Company's risk management function, including ERM; and reviewing and approving the annual audited financial statements for the Company before issuance. Dr. Thomas A. Blackwell, David S. Boone, Stephen E. Glasgow, and E. J. Pederson are members of the Audit Committee. E. J. Pederson serves as Chairman of the Audit Committee. The Audit Committee Charter is available in the Financial Information section on the Company's website at www.nwlg.com. During 2018, the Audit Committee held 10 meetings.

The Board of Directors has determined that Mr. Boone is an "Audit Committee Financial Expert" as defined by the Securities Exchange Act of 1934, as amended, and as noted above Mr. Boone is an independent director. Additionally, Dr. Blackwell, Mr. Glasgow, and Mr. Pederson are financially literate and are able to read and understand financial statements, including a company's balance sheet, income statement, and cash flow statement. The Audit Committee will be comprised solely of "independent director" nominees elected at the Annual Meeting.

Compensation and Stock Option Committee

The Compensation and Stock Option Committee ("Compensation Committee") of the Board of Directors consists of four independent, outside directors and the committee has oversight responsibility for the compensation programs for the Company's Named Executive Officers as well as all other officers. Dr. Thomas A. Blackwell, David S. Boone, Stephen E. Glasgow, and E. J. Pederson serve as members of the Compensation Committee and Dr. Blackwell serves as its Chairman. The Compensation Committee's report on executive compensation is included under the heading "Compensation Committee Report," below. The Compensation Committee held five meetings during 2018, and its charter is available on the Company's website at www.nwlg.com.

DIRECTOR NOMINATIONS

The Company is a "Controlled Company" as defined in NASDAQ Listing Rule 5615(c)(1) and is exempt from the requirement that its independent directors oversee the director nomination process. Therefore, the Company's Board of Directors in aggregate oversees the director nomination process.

In evaluating potential director candidates, the Board of Directors considers the appropriate balance of experience, skills, and characteristics required of the Board of Directors. The Board of Directors selects director nominees based on their personal and professional integrity, depth and breadth of experience, ability to make independent analytical inquiries, understanding of and familiarity with our business, willingness to devote adequate attention and time to duties of the Board of Directors, and such other criteria as is deemed relevant by the Board of Directors. The Company's Board of Directors believes that the backgrounds and qualifications of the directors, considered as a group, should provide a diverse mix of experience, knowledge, viewpoints, and skills. The Board of Directors considers the effectiveness of this policy and the effectiveness of the Board of Directors generally in the course of nominating directors for election.

In identifying potential director candidates, the Board of Directors relies on recommendations made by current directors and officers. In addition, the Board of Directors may engage a third party search firm to identify and recommend potential candidates. Finally, the Board of Directors will consider candidates recommended by stockholders.

Any stockholder wishing to recommend a director candidate for consideration by the Board of Directors in connection with the 2020 annual meeting of stockholders must provide written notice not later than January 3, 2020 to the Corporate Secretary at our principal executive offices located at 10801 N Mopac Expy Bldg 3, Austin, TX 78759. Any such notice should clearly indicate that it is a recommendation of a director candidate by a stockholder and must set forth (i) the name, age, business address, and residence address of the recommended candidate, (ii) the principal occupation or employment of such recommended candidate, (iii) the class and number of shares of the Company which are beneficially owned by such recommended candidate, (iv) a description of all understandings or arrangements between the stockholder and the recommended candidate and any other person or persons pursuant to which the recommendations are to be made by the stockholder, and (v) any other information relating to such recommended candidate that is required to be disclosed in solicitations of proxies for the election of directors. In addition, such notice must contain (i) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting, (ii) the name and address, as they appear on the Company's books, of the stockholder proposing such nomination, (iii) the class and number of shares of the Company that are beneficially owned by such stockholder, (iv) any material interest of the stockholder in such recommendation, and (v) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, in such stockholder's capacity as proponent of a stockholder proposal. Assuming that a stockholder recommendation contains the information required above, the Board of Directors will evaluate a candidate recommended by a stockholder by following substantially the same process, and applying substantially the same criteria, as for candidates identified through other sources.

The Corporate Secretary will forward such communications to the Board of Directors or the specified individual director to whom the communication is directed unless such communication is deemed unduly hostile, threatening, illegal, or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or to take appropriate legal action regarding such communication.

COMPENSATION AND STOCK OPTION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

In 2018, Dr. Thomas A. Blackwell, David S. Boone, Stephen E. Glasgow, and E. J. Pederson served as members of our Compensation Committee. None of the members of our Compensation Committee is currently, or has been at any time since our formation, one of our officers or employees.

None of the Company's executive officers serve as a member of the compensation committee of any company that has an executive officer serving on the Company's Board of Directors. In addition, none of the Company's executive officers serve as a member of the board of directors of any company that has an executive officer serving as a member of the Company's compensation and stock option committee.

COMPENSATION DISCUSSION AND ANALYSIS

Purpose

This Compensation Discussion and Analysis (CD&A) is intended to explain to stockholders how the Company's compensation program is designed and how it operates with respect to our Named Executive Officers, or NEOs, (CEO, CFO, and the Company's three other most highly paid executives in 2018). It first describes our executive compensation philosophy and how we design our compensation program, with a discussion focusing on the main elements. We then detail and analyze the resultant compensation of our Named Executive Officers.

The Compensation Committee is appointed by and serves at the discretion of the NWLGI Board of Directors. The Compensation Committee consists of four members who meet the independence requirements of the listing standards of NASDAQ. The purpose of the Compensation Committee is to discharge the Board of Directors' responsibilities for reviewing and establishing the compensation not just for the NEOs but for all of the Company's officers. These compensation elements include base salary, annual incentive bonuses, discretionary bonuses and awards, long term incentive compensation in the form of stock appreciation rights (SARs), restricted stock units (RSUs), and performance share units (PSUs), and any other officer compensation arrangements. The Committee annually reviews and evaluates the executive compensation program to ensure that the program is aligned with the Company's compensation philosophy and performance.

To assist the Compensation Committee with its responsibilities, it is supported by NWLIC's Human Resources, Legal, and Financial departments. The Compensation Committee may retain, and has retained, independent compensation consultants who report directly to the members of the Compensation Committee. Meetings of the Compensation Committee are scheduled during the year with additional meetings on an as-necessary interim basis and include sessions without members of management present. The Compensation Committee reports to the NWLGI Board of Directors on its actions and recommendations.

The Compensation Committee also considers the advice of Mr. Ross R. Moody, our Chairman, President and Chief Executive Officer, and K. Kennedy Nelson, NWLIC's President and Chief Operating Officer, concerning executive officers and key employees other than themselves. Specifically, Mr. Moody and Ms. Nelson annually review the performance of key employees and each executive officer other than themselves. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Compensation Committee. The Board of Directors and the Compensation Committee exercise their discretion in setting compensation or in modifying any recommended adjustments or awards to executives.

Compensation Philosophy and Objectives

The Company's overall philosophy in setting compensation policies is to align pay with performance while at the same time providing competitive compensation that allows the Company to retain and attract talented individuals. Within this overall philosophy, the Compensation Committee has adopted several key principles to help guide compensation decisions for executive officers:

- Provide a competitive total compensation package so the Company can attract, retain, and motivate talented individuals;
- Tie compensation in part to overall Company financial performance through performance share units and variable bonus awards so that executives are held accountable through their compensation for the performance of the business thus maintaining a certain amount of compensation at risk;
- Tie compensation in part to the Company's stock performance through stock appreciation rights, performance share units, and restricted stock units to align executives' interests with those of the Company's stockholders; and
- Maintain a committee of the Board of Directors independent of senior management that may engage independent compensation consultants as needed to review and establish compensation for executive officers.

Based upon our review of the executive compensation arrangements as detailed in the following sections, the Compensation Committee believes that the compensation program does not encourage executives to take unreasonable risks that may harm stockholder value. This is achieved by striking an appropriate balance between short-term and long-term incentives, using a diversity of metrics to assess performance under our incentive programs, placing caps on our incentive award payout opportunities, and using long-term incentives following equity practices that limit the potential for timing awards.

Elements of Executive Compensation

Officer compensation arrangements, including executive officers, are reviewed and approved annually by the Compensation Committee. The Compensation Committee focuses primarily on the following components in forming the total compensation package for each Company executive officer:

- Base salary;
- Annual cash incentive bonus based on Company performance versus predetermined targets;
- Discretionary cash bonus based upon individual performance; and
- Long-term incentive compensation in the form of stock appreciation rights, restricted stock units, and performance share units.

The mix of executive compensation elements is based upon a philosophy of correlating a portion of executive compensation with the Company's financial results and stock performance thus putting a segment of executive officer annual and long-term compensation at-risk. This structure provides upside potential and downside risk for senior executive positions in recognition that these roles have greater influence on the Company's performance. The Compensation Committee believes that these factors, together with a balance of cash and equity awards, and short-term and long-term incentives, help ensure that our compensation program does not create risks that are reasonably likely to have a material adverse effect on the Company.

Compensation Consultant; Peer Group

To ensure that compensation levels are reasonably competitive with market rates, the Compensation Committee engages independent compensation consultants from time-to-time to conduct a survey of executive compensation in a defined group of companies comparable to NWLIC. The surveyed companies are selected based on similar products and product lines, comparable financial size in terms of assets and revenues, and other known competitive factors. Elements of this process were most recently completed by Towers Watson during calendar years 2018 and 2016. The primary focus of the surveys was upon incentive compensation plan designs, with the 2016 survey focused on long term incentive compensation and the 2018 survey on overall market competitiveness. The Compensation Committee's practice has been to generally target base salaries between the 25th and 75th percentile range, excluding incentive compensation, of the identified peer group.

For the survey conducted in 2016, Towers Watson evaluated the Company's long term incentive compensation program for officers relative to other comparable companies, including American Equity Investment Life, Citizens Insurance Company, CNO Financial, FBL Financial Group, Kansas City Life Insurance, Lincoln National, Protective Life, Stancorp Financial, and Torchmark. The findings and recommendations from this survey were incorporated into the long term incentive grants awarded in 2017, 2018, and 2019.

For the most recent survey conducted in 2018, Towers Watson analyzed NWLIC's incentive compensation programs for officers relative to other comparable financial services companies. The findings of this survey were incorporated into NWLIC's various incentive compensation programs for officers for calendar year 2018, and again for 2019. Previously, the Company had engaged Towers Watson to perform similar benchmarking studies and these findings were incorporated into prior year programs.

In addition to market information, the Compensation Committee also subjectively reviews and evaluates the level of performance of the Company and of each officer. In approving salary and incentive compensation for individuals other than the NWLGI President and Chief Executive Officer and NWLIC's President and Chief Operating Officer, the Compensation Committee considers recommendations from Mr. Ross R. Moody and Ms. K. Kennedy Nelson concerning the other Company officers incorporating such factors as individual performance, the scope and complexity of their current responsibilities, length of time in their current positions, value of the executive's position to the market, and difficulty of replacement of the officer. This evaluation focuses most heavily on the base salary levels for each officer.

Annual Incentive Compensation

For executive officer positions, the Compensation Committee has determined that annual incentive bonuses are an integral part of the executive's compensation package as the cash bonuses create a direct link between executive compensation and individual and business performance. In 2018 there were five officer bonus programs in effect which were reviewed and approved by the Compensation Committee. The Compensation Committee has approved incentive bonus programs for 2019 incorporating the survey results mentioned previously and consequently there are now only two officer bonus programs. The 2018 Bonus Programs

in which our Named Executive Officers participated were the Executive Officer Bonus Program, the Officer Bonus Program, and the Domestic Marketing Officer Bonus Program.

Executive Officer Bonus Program. The two participants in the Executive Officer Bonus Program ("Executive Bonus") during 2018 were the NWLIC Chairman and Chief Executive Officer (Mr. Ross R. Moody) and NWLIC President and Chief Operating Officer (Ms. K. Kennedy Nelson). In order to tie the compensation under the program with the Company's financial performance, the Executive Bonus includes metrics associated with NWLIC's annual sales performance, expense management, and the Company's profitability. In accordance with the program, the Compensation Committee set performance targets for each metric at various levels equating to various bonus level percentages as follows:

Financial Performance Metric	Bonus % Range
Sales	0% to 45%
Expense Management	0% to 45%
Profitability	0% to 60%

The sum of the achieved bonus percentages for each metric, subject to a maximum aggregate percentage of 75% for Ms. Nelson, is applied to the base salary approved by the Compensation Committee for each participant to determine the earned bonus amount. The profitability metric is based upon the Company's audited financial statements for the year. Bonus awards are generally paid in the year following the annual financial performance concurrent with the completion of the Company's audit of the year-end financial statements and approval of the award amounts by the Compensation Committee. Accordingly, the Executive Bonus payments made in 2018 were based upon the results achieved for 2017 financial performance metrics established by the Compensation Committee and the Executive Bonus payments earned based on 2018 financial performance were paid in March 2019. The bonus percentage achieved under the program in 2017 was 55% of the participant's base salary. The 2018 bonus percentage achieved was comprised of 7.5% for Sales, 15.0% for Expense Management, and 50.0% for Profitability as shown in the following table.

Financial Performance Metric	Target Level	Achieved Level	Bonus %
Annuity Sales	\$700.0 million	\$404.1 million	0.00%
International Life Sales	\$14.0 million	\$6.1 million	0.00%
Domestic Life Sales	\$25.0 million	\$24.6 million	7.50%
Total Sales Metric			7.50%
Expense Management	100% actual/target	104.87% actual/target	15.00%
Profitability	0.80 - 0.90% ROA	0.917% ROA	50.00%
Total Bonus Percentage			72.50%

Officer Bonus Program. Participants in the Officer Bonus Program ("Officer Bonus") are all NWLIC officers not otherwise included in one of the other officer bonus programs and include the Named Executive Officer positions of Senior Vice President, Chief Financial Officer and Treasurer (Mr. Brian Pribyl) and the Senior Vice President, Mortgage Loans and Real Estate (Mr. Charles D. Milos). The Officer Bonus is essentially comparable to the Executive Bonus, except for the bonus award percentages, incorporating three measurable performance metrics associated with NWLIC's annual sales performance, expense management, and the Company's profitability. In accordance with the program, the Compensation Committee set performance targets for each metric at various levels equating to various bonus level percentages as follows (senior vice president percentages shown):

Financial Performance Metric	Bonus % Range
Sales	0% to 11.25%
Expense Management	0% to 11.25%
Profitability	0% to 22.5%

The sum of the achieved bonus percentages for each metric, subject to a maximum aggregate percentage of 45.0%, 22.5% and 11.75% for senior vice presidents, vice presidents, and assistant vice presidents, respectively, is applied to the base salary for each participant approved by the Compensation Committee to determine the earned bonus amount. Like the Executive Bonus, the profitability metric is based upon the Company's audited financial statements for the year. Bonus awards are generally paid in the year following the annual financial performance concurrent with the completion of the Company's audit of the year-end financial statements and approval of the award amounts by the Compensation Committee. Accordingly, the Senior Vice President Bonus payments in 2018 were primarily based upon the results achieved for 2017 financial performance metrics established by the Compensation Committee. The bonus percentage for senior vice presidents achieved in 2017 under the program was 22.5%. The 2018 senior vice president bonus percentage achieved is comprised of 2.5% for Sales, 6.25% for Expense Management, and 20.0% for Profitability as shown in the following table.

Financial Performance Metric	Target Level	Achieved Level	Bonus %
Annuity Sales	\$700.0 million	\$404.1 million	0.00%
International Life Sales	\$14.0 million	\$6.1 million	0.00%
Domestic Life Sales	\$25.0 million	\$24.6 million	2.50%
Total Sales Metric			2.50%
Expense Management	100% actual/target	104.87% actual/target	6.25%
Profitability	0.80 - 0.90% ROA	0.917% ROA	20.00%
Total Bonus Percentage			28.75%

For information regarding awards made in 2018 to our Named Executive Officers, see the Summary Compensation Table on page 23.

Domestic Marketing Officer Bonus Program. Participants in the Domestic Marketing Officer Bonus Program (“Domestic Bonus”) are all NWLIC domestic marketing officers including assistant vice presidents, vice presidents, and the senior vice president. As these individuals are most able to influence the outcome of NWLIC’s financial performance in terms of sales, the program is heavily weighted toward this metric. The measures associated with this program include NWLIC’s annual sales performance, persistency of policies sold, and expense management. These measures were incorporated into the program to award not only the amount of sales but the quality of sales and the management of the costs incurred to acquire the business sold. Unlike the Executive Bonus, the Domestic Bonus metrics assume a targeted level of performance or “par” level to which the Compensation Committee assigned a targeted bonus percentage in order to reflect a disproportionate weighting of the potential bonus award toward the sales metric. If the targeted par level for each metric is attained, the sum of the metrics is equal to a bonus percentage of 100% which is applied to the average weighted base salary of each vice president and senior vice president participant while one-half, or 50%, is applied to the average weighted base salary of each assistant vice president participant as approved by the Compensation Committee. The performance metrics set by the Compensation Committee equating to various bonus level percentages under the program are as follows:

Financial Performance Metric	Par Bonus Level	Bonus % Range
Sales	80%	0% to no limit
Persistency	10%	0% to 16%
Expense Management	10%	0% to 15.0%

The Domestic Bonus also differs from the Executive Bonus in that the composite bonus percentage is not subject to a cap and bonus amounts may be advanced quarterly based upon the year-to-date results achieved. Life insurance sales metric amounts under the program above the par level increase incrementally with an additional bonus percentage added for every increment of additional life insurance sales established by the Compensation Committee (annuity sales are subject to a cap). However, if the aggregate sum of the three performance metrics exceeds 100%, the bonus award paid at the end of the calendar year is limited to 100% for each participant. The bonus percentage above 100% is applied to the weighted average base salaries of all participants to create a pool which is paid out to participants in the subsequent calendar year based upon the recommendation of the Domestic Marketing senior vice president and subject to approval by the Chairman, President and Chief Executive Officer. The Domestic

Bonus percentage achieved under the program in 2017 was 72.5%. The 2018 bonus percentage achieved was comprised of 55.0% for Sales, 10.0% for Persistency, and 0.0% for Expense Management as shown in the following table.

Financial Performance Metric	Target Level	Achieved Level	Bonus %
Annuity Sales	\$700.0 million	\$404.1 million	10.00%
Domestic Life Sales	\$25.0 million	\$24.6 million	45.00%
Total Sales Metric			55.00%
Annuity Persistency	100.0%	101.5%	5.00%
Domestic Life Persistency	100.0%	100.6%	5.00%
Total Persistency Metric			10.00%
Expense Management	100% actual/target	111.4% actual/target	0.00%
Total Bonus Percentage			65.00%

For information regarding awards made in 2018 to our Named Executive Officers, see the Summary Compensation Table on page 23.

Discretionary Bonus Awards

The Compensation Committee considers from time-to-time circumstances which merit the need to recognize outstanding performance in the form of a discretionary bonus. Although many of these situations may be deemed within the normal responsibilities of officers, the Compensation Committee on occasion may provide one-time recognition bonuses to identified officers where the demands of the situation and the results of the effort warrant such recognition. There were no discretionary bonuses awarded in 2018 to the Named Executive Officers.

Long-Term Incentive Compensation

Under the Company's 1995 Stock and Incentive Plan and 2008 Incentive Plan, the Compensation Committee provides Company officers with long-term incentive awards through grants of stock options or stock appreciation rights ("SARs") directly aligning the interest of the officers with stockholder interests. The stock options and SARs have a graded five-year vesting period that begins on the third anniversary date of the grant in order to promote a long-term perspective and to encourage key employees to remain at the Company. All options and SARs to date have been granted at the fair market value of the Company's Class A Stock on the date of the grant. The Compensation Committee believes that stock options and SARs are inherently performance-based and a form of at-risk compensation since the recipient does not benefit unless the Company's common stock price subsequently rises.

On June 15, 2016, stockholders of NWLGI approved the Incentive Plan, which is a stock and incentive plan amending and restating the 2008 Plan. The Incentive Plan includes additional provisions, most notably regarding the definition of performance objectives which could be used in the issuance of performance awards. The Incentive Plan allows for certain other share or unit awards which are solely paid out in cash based on the value of the Company's shares, or changes therein, as well as the financial performance of the Company under predetermined target performance metrics. Certain awards, such as restricted stock units ("RSUs") provide solely for cash settlement based upon the market price of the Company's Class A common shares, often referred to as "phantom stock-based awards." Unlike share-settled awards, which have a fixed grant-date fair value, the fair value of unsettled or unvested liability awards is remeasured at the end of each reporting period based on the change in the fair value of a share. The liability and corresponding expense are adjusted accordingly until the award is settled. Other awards may involve performance share units ("PSUs") which are units granted at a specified dollar amount per unit, typically linked to the Company's Class A common share price, that are subsequently multiplied by an attained performance factor to derive the number of PSUs to be multiplied by the Company's Class A common share price on the vesting date to arrive at the cash compensation at the vesting date.

The Compensation Committee is responsible for determining the recipients of the grants, when the grants should be made, and the number of shares, rights, or units to be granted. The size of the awards generally reflect each officer's position relative to other officers in the Company with consideration to total compensation targets obtained from the peer group information previously discussed. In addition, as is the case with base salaries, the Compensation Committee considers the grant recommendations of the Chairman, President and Chief Executive Officer and NWLIC's President and Chief Operating Officer for other officers.

The Compensation Committee may consider making grants at any time but generally coordinates the issuance of grants concurrent with its annual review of officer compensation. On December 12, 2018, the Company granted 12,590 SARs, 5,070 PSUs, and 3,149 RSUs to officers of NWLIC based upon the closing market price per Class A common share of \$303.77. The SARs will vest annually at a rate of 33.3% per year from the date of grant and the PSUs and RSUs vest three years from the date of grant. The RSUs are payable in cash at the vesting date equal to the closing price of the Company's Class A common share at that time. For PSUs, the performance period begins the first day of the calendar year, in this case January 1, 2018, and runs three years. At that time, the three-year performance outcome will be measured against the pre-defined target amounts to determine the number of PSUs earned as compensation. Included in these grants were the following SARs, RSUs, and PSUs to Named Executive Officers.

	SAR Grant 12/12/18	RSU Grant 12/12/18	PSU Grant 12/12/18
Ross R. Moody	6,798	1,700	3,399
K. Kennedy Nelson	910	228	455
Brian M. Pribyl	332	83	166
Charles D. Milos	279	70	139
R. Bruce Wallace	227	57	114

Retirement and Other Benefits

NWLIC's executive officers are eligible to participate in the health and welfare, 401(k), and defined benefit retirement benefit plans that are offered to other company employees (NWLIC's qualified defined benefit pension plan was frozen as of December 31, 2007). In addition, if eligible, executive officers may participate in the following plans:

Group Excess Benefit Plan

Company officers at the senior vice president level and above, including Named Executive Officers, as well as those hired or promoted to the vice president level prior to May 1, 2007, are eligible to participate in a group excess benefit plan which supplements NWLIC's core medical insurance plan. Administered by ANICO, the group excess benefit plan provides coverage for co-pays, deductibles, and other out-of-pocket expenses not covered by the core medical insurance plan. Offering such a plan to the selected company officer levels is viewed as a key component of the overall compensation strategy for attracting and retaining talented executive officers. The benefits provided to each Named Executive Officer are reported in the "All Other Compensation Column" of the Summary Compensation Table.

Non-Qualified Defined Benefit Plan

This plan covers those officers of NWLIC who were in a senior vice president position or above prior to 1991. The plan provides retirement benefits to those individuals affected by the revisions to NWLIC's qualified defined benefit pension plan precipitated by the limitations imposed by Internal Revenue Code Sections 401(a)(17) and 415. As of December 31, 2018 and 2017, the currently active Named Executive Officer participating in this plan is Mr. Charles D. Milos. Benefits associated with this plan are disclosed in the Pension Benefits table in the Pension Benefits section.

Non-Qualified Deferred Compensation Plan

This plan allows NWLIC senior officers, including Named Executive Officers, to defer payment of a percentage of their compensation and to provide for up to a 2% matching and 2% profit sharing contribution on plan compensation that exceeds certain qualified plan limits, and additional NWLIC discretionary matching contribution of up to 2% of plan compensation. Company contributions are subject to a vesting schedule based upon each officer's years of service. Benefit information associated with this plan is disclosed in the Non-Qualified Deferred Compensation table below and NWLIC contributions are included in the "All Other Compensation" column in the Summary Compensation Table.

Non-Qualified Defined Benefit Plan for the President of National Western Life Insurance Company

Similar to the immediately preceding plan, this plan specifically covers NWLIC's former President, Mr. Ross R. Moody, and is intended to provide retirement benefits that comply with the American Jobs Creation Act of 2004. Mr. Moody's benefits associated with this plan are disclosed in the Pension Benefits table in the Pension Benefits section.

Postretirement Benefits

The Company's basic health plan and group excess benefit plan have a provision for individuals serving in the positions of Chairman of the Board or President for seven years or more subsequent to 1980 to continue to receive lifetime health benefits for themselves and their dependents upon retirement. Mr. Robert L. Moody, Sr. and Mr. Ross R. Moody currently meet this eligibility criteria.

Perquisites and Other Personal Benefits

The Compensation Committee periodically reviews executive officer perquisites and other benefits based upon information supplied to it by NWLIC's Human Resources, Legal, and Financial departments. In addition to base salaries and annual and long-term bonus incentives, the Company provides its executive officers with certain and varying perquisites and benefits.

The perquisites and personal benefits provided to each Named Executive Officer are reported in the "All Other Compensation Column" of the Summary Compensation Table included in this Compensation Discussion and Analysis and are described in further detail in the footnotes to that table.

Stock Ownership Guidelines

The Company does not require that its directors be stockholders. The Compensation Committee is satisfied that the long-term incentive compensation offered to directors and officers in the form of SARs, RSUs, and PSUs adequately aligns this group's interest with those of the Company's stockholders.

Employment Agreements

The Company does not generally utilize employment agreements with its executive officers or other employees. The Company's practice has been to issue offer letters to executive officer candidates when recruited to their positions. In addition to outlining the executive officer's responsibilities, each offer letter specifies the beginning base salary and eligibility for any additional compensation programs overseen by the Compensation Committee. Except as noted below regarding Mr. Ross R. Moody, as of December 31, 2018, the Company does not have any contractual obligations to its executive officers for severance payments in connection with any termination or change-in-control.

In December 2017, we entered into a Change in Control & Severance Agreement with Mr. Ross R. Moody. The term of the agreement for involuntary termination without cause or disability ends two years from the effective date (December 21, 2017) and ends on the third anniversary following a change in control, as defined in the agreement, for termination of employment following a change in control (discussed below under "Potential Payments Upon Termination or Change in Control"), unless terminated earlier pursuant to the terms of the agreement. Mr. Moody's annual base salary in 2018 was \$1,006,355, and during the employment period he is eligible for an annual cash bonus, with a maximum annual bonus opportunity of 150% of his annual base salary, conditioned on the attainment of certain performance conditions and the discretion of the Compensation and Stock Option Committee. During the employment period, Mr. Moody will receive employee benefits on a basis no less favorable than those provided to our other senior executives, including participation in the Company's Incentive Plan. Mr. Moody, along with other officers, was granted long term incentive compensation awards in 2018 and is eligible to receive grants and awards under the Company's Incentive Plan. Mr. Moody is also eligible to receive certain severance benefits, including enhanced severance benefits if there is a qualifying termination of employment within three years following a "change in control." See below under "Potential Payments Upon Termination or Change in Control" for a description of the severance benefits Mr. Moody would have been eligible to receive as of December 31, 2018.

Financial Restatements

The Compensation Committee has not formally adopted a policy with respect to whether retroactive adjustments to any form of compensation paid under arrangements for executive officers will be made where the prior payment was related to financial results of the Company that are subsequently restated. The Compensation Committee believes that such an issue is best addressed at the time it occurs and all facts and circumstances surrounding the restatement are known.

Tax and Accounting Treatment of Compensation

Historically, section 162(m) of the Internal Revenue Code generally disallowed a tax deduction to public corporations for non-performance based compensation over \$1 million paid in any one year to each of the individuals who were, at the end of the year, the corporation's chief executive officer and the four other most highly compensated executive officers. As of 2018, the Tax Cuts and Jobs Act signed into law on December 22, 2017 eliminates the performance based exception to the \$1 million deduction limit. As such, the Company may no longer take a deduction for any compensation paid to the corporation's chief executive officer, chief financial officer, and the other three most highly compensated executive officers in excess of \$1 million, but the Act preserved the exception for "written binding contracts" in effect as of November 2, 2017, so long as such contracts are not materially modified after that date. Except for the Chairman and Chief Executive Officer of the Company, the levels of non-performance based salary, bonus, and other compensation paid do not typically exceed this level.

The Compensation Committee generally seeks ways to limit the impact of Section 162(m) but reserves the right to award compensation to executive officers that may not qualify under Section 162(m) as deductible compensation, and it will continue to consider all elements of cost to the Company of providing such compensation, including the potential impact, if any, of Section 162(m).

The Company accounts for long-term incentive compensation in the form of stock options, SARs, RSUs, and PSUs to executive officers under generally accepted accounting principles ("GAAP") guidance which requires the Company to estimate and expense each award of equity compensation over the service period of the award. Other accounting guidance requires that cash compensation be recorded as an expense at the time the obligation is accrued.

Note: Columns with no data have been omitted.

Pension Plan. The qualified defined benefit plan covers substantially all employees and officers of NWLIC and provides benefits based on the participant's years of service and compensation. The company makes annual contributions to the plan that complies with the minimum funding provisions of the Employee Retirement Income Security Act. Annual pension benefits for those employees who became eligible participants prior to January 1, 1991, are generally calculated as the sum of the following:

- (a) 50% of the participant's final 5-year average annual eligible compensation at December 31, 1990, less 50% of their primary social security benefit determined at December 31, 1990; this net amount is then prorated for less than 15 years of benefit service at normal retirement date. This result is multiplied by a fraction which is the participant's years of benefit service at December 31, 1990, divided by the participant's years of benefit service at normal retirement date.
- (b) 1.5% of the participant's eligible compensation earned during each year of benefit service after December 31, 1990 and through December 31, 2007.

Annual pension benefits for those employees who become eligible participants on or subsequent to January 1, 1991, are generally calculated as 1.5% of their compensation earned during each year of benefit service through December 31, 2007.

On October 19, 2007, NWLIC's Board of Directors approved an amendment to freeze the Pension Plan as of December 31, 2007. The freeze ceased future benefit accruals to all participants and closed the Plan to any new participants. In addition, all participants became immediately 100% vested in their accrued benefits as of that date. Accordingly future pension expense is projected to be minimal.

Non-Qualified Defined Benefit Plan. This plan covers officers of NWLIC who were in the position of senior vice president or above prior to 1991. The plan provides benefits based on the participant's years of service and compensation. No minimum funding standards are required.

The benefit to be paid pursuant to this plan to a participant who retires at his normal retirement date shall be equal to (a) minus (b) minus (c), but the benefit may not exceed (d) minus (b) where:

(a) is the benefit which would have been payable at the participant's normal retirement date under the terms of the Pension Plan as of December 31, 1990, as if that plan had continued without change and without regard to Internal Revenue Code Section 401(a) (17) and 415 limits, and,

(b) is the benefit which actually becomes payable under the terms of the Pension Plan at the participant's normal retirement date, and,

(c) is the actuarially equivalent life annuity which may be provided by an accumulation of 2% of the participant's compensation for each year of service on and after January 1, 1991, accumulated at an assumed interest rate of 8.5% to the participant's normal retirement date, and,

(d) is the benefit which would have been payable at the participant's normal retirement date under the terms of the Pension Plan as of December 31, 1990, as if that plan had continued without change and without regard to Internal Revenue Code Section 401(a) (17) and 415 limits, except that the proration over 15 years shall instead be calculated over 30 years.

Non-Qualified Defined Benefit Plan for the President of National Western Life Insurance Company. This plan covers the former President of NWLIC, Ross R. Moody, and is intended to provide benefit accruals that comply with the American Jobs Creation Act of 2004. No minimum funding standards are required.

The annual benefit to be paid to the President of NWLIC who retires at his normal retirement date shall be equal to (a) minus (b) minus (c) where:

(a) equals his years of service (up to 45), multiplied by 1.66667%, and then multiplied by the excess of his eligible compensation over his primary social security benefit under the terms of the Pension Plan as of December 31, 1990, as if that plan had continued without change and without regard to Internal Revenue Code Section 401(a) (17) and 415 limits, and,

(b) equals the actuarially equivalent life annuity provided by an accumulation of 2% of his compensation for each year of service on and after his date of hire, accumulated at an assumed interest rate of 8.5% to his normal retirement date, and,

(c) equals the benefit actually payable to him under the terms of the Pension Plan.

The plan provides for a monthly in-service benefit if Mr. Ross R. Moody continues employment after his normal retirement date.

As of December 31, 2018, other than the Company's 1995 Stock and Incentive Plan, 2008 Incentive Plan, Incentive Plan, and Ross R. Moody's Change in Control & Severance Agreement, the Company has no contract, agreement, plan, or arrangement, written or unwritten, that provides for payment to any officer at, following, or in connection with any termination, severance, retirement or a constructive termination, or a change in control of the Company, or a change in any officer's responsibilities.

Termination of Employment without Cause

Under Mr. Ross R. Moody's Change in Control & Severance Agreement, if Mr. Moody's employment is terminated by us for any reason other than for "cause" during the employment period (but not within three years of a "change in control"), subject to his execution (other than upon death) of a release of claims, he will be entitled to (1) a lump sum cash amount equal to three times the sum of his annual base salary plus three times his target bonus payable within 10 business days following the date of the employment termination and (2) financial counseling services, not to exceed \$35,000, for a one-year period after termination of employment. Under the agreement, "cause" is defined as the willful and continued failure of the executive to perform substantially the executive's duties owed to the company or its affiliates after a written demand for substantial performance is delivered to the executive specifically identifying the nature of such unacceptable performance.

Change in Control

The 1995 Stock and Incentive Plan governs certain of the stock option grants held by our executive officers. Our executive officers are not entitled to any benefits under our 1995 Stock and Incentive Plan that are not available to other participants. The 1995 Stock and Incentive Plan includes the following change in control provisions, which would result in the accelerated vesting of outstanding option grants: In the event of a Change of Control, all outstanding Awards shall immediately vest and become exercisable or satisfiable, as applicable. The Committee, in its discretion, may determine that upon the occurrence of a Change in Control, each Award outstanding hereunder shall terminate within a specified number of days after notice to the Holder, and such Holder shall receive, with respect to each share of Common Stock subject to such Award, cash in an amount equal to the

excess of (i) the higher of (x) the Fair Market Value of such share of Common Stock immediately prior to the occurrence of such Change of Control or (y) the value of the consideration to be received in connection with such Change of Control for one share of Common Stock over (ii) the exercise price per share, if applicable, of Common Stock set forth in such Award. The provisions contained in the preceding sentence shall be inapplicable to an Award granted within six (6) months before the occurrence of a Change of Control if the Holder of such Award is subject to the reporting requirements of Section 16(a) of the 1934 Act. If the consideration offered to stockholders of the Company in any transaction described in this paragraph consists of anything other than cash, the Committee shall determine the fair cash equivalent of the portion of the consideration offered which is other than cash. The provisions contained in this paragraph shall not terminate any rights of the Holder to further payments pursuant to any other agreement with the Company following a Change of Control.

The 2008 Incentive Plan governs certain of the stock option grants and/or SARs held by our executive officers and provides for the acceleration of vesting of all awards upon a change in control of the Company. The 2008 Incentive Plan includes the following change in control provisions, which would result in the accelerated vesting of outstanding award grants: The Committee may provide in an option agreement and/or Stock Appreciation Rights agreement that in the event of a Change in Control of the Company, (i) all or a portion of the stock options and/or any Stock Appreciation Rights awarded under such agreement shall become fully vested and immediately exercisable and/or (ii) the vesting of all performance-based stock options shall be determined as if the performance period or cycle applicable to such stock options had ended immediately upon such Change in Control.

The Incentive Plan, which governs certain SARs, the RSUs, and PSUs held by our executive officers and provides for acceleration of vesting of all awards upon a change in control of the Company, contains the same change in control provisions noted above for the 2008 Incentive Plan.

Our executive officers hold grants under the 1995 Stock and Incentive Plan, the 2008 Incentive Plan, and the Incentive Plan. Grants under all three plans will immediately vest upon a change in control. The following table depicts potential benefits for our executive officers as a result of a change in control. Such termination is assumed to occur on January 1, 2019.

Named Executive Officer	Intrinsic Value of Accelerated Equity ⁽¹⁾ (\$)
Ross R. Moody	8,747,290
K. Kennedy Nelson	766,574
Brian M. Pribyl	601,801
Charles D. Milos	523,041
R. Bruce Wallace	96,826

⁽¹⁾ Value is based upon the closing selling price per share of our Class A Stock on the NASDAQ Global Select Market on December 31, 2018, the last trading day of 2018, which was \$300.70.

The agreement with Mr. Moody provides for severance payments upon a termination of employment by us without "cause," or by Mr. Moody with good reason, within three years following a "change in control." In the event of a qualifying termination following a change in control, Mr. Moody would be entitled to (1) a lump sum cash amount equal to his currently effective annual base salary through the termination date and any accrued vacation pay payable within 10 business days following the date of the employment termination, (2) a lump sum cash amount equal to three times the sum of his annual base salary plus three times his target bonus payable within 10 business days following the date of the employment termination, (3) reimbursement of up to \$50,000 for expenses and costs related to outplacement services, the provider of which shall be selected by Mr. Moody in his sole discretion, (4) continued use of a company car for one year following the termination date, and (5) reimbursement up to \$75,000 for legal fees and expenses incurred as a result of any dispute resolution process entered into by Mr. Moody to enforce the agreement.

Under the agreement, "cause" is defined as the willful and continued failure of the executive to perform substantially the executive's duties owed to the company or its affiliates after a written demand for substantial performance is delivered to the executive specifically identifying the nature of such unacceptable performance, and a "change in control" is deemed to occur if:

(a) any person or group of persons (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 as amended (the "Act")), other than National Western Life Group, Inc. ("NWLGI") or a subsidiary of NWLGI or an employee benefit plan sponsored by NWLGI or a subsidiary of NWLGI, acquires beneficial ownership (as defined in Section 13(d) (directly or indirectly) of (i) 50 percent or more of the outstanding securities of NWLGI entitled to vote in the elections of directors (or securities or rights convertible into or exchangeable for such securities) ("Stock") of NWLGI, or (ii) Stock having a total number of votes that may be cast and elect a majority of the directors of NWLGI; or

(b) there shall have been a change in a majority of the members of the Board of Directors of NWLGI within a twelve month period, unless the election or nomination for election by NWLGI's stockholders of each new director during such twelve month period was approved by the vote of two-thirds of the directors then still in office who were directors at the beginning of such twelve month period; or

(c) the stockholders of NWLGI shall approve (i) any consolidation, merger, or other reorganization of NWLGI in which NWLGI is not the continuing or surviving corporation or pursuant to which shares of Stock would be converted into cash, securities, or other property, other than a merger of NWLGI in which holders of Stock immediately prior to the merger have either the same proportionate ownership of common stock of the surviving corporation immediately after the merger as immediately before or have more than 50 percent of the ownership of voting common stock of the surviving corporation immediately after the merger, or (ii) any sale, lease, exchange, or other transfer in one transaction or a series of related transactions of 50 percent or more of the assets of NWLGI; or

(d) there shall occur a liquidation or dissolution of NWLGI.

The following table reflects the estimated payments to Mr. Moody that may be made upon certain terminations of employment, including a termination within three years of a change in control. The estimated payments in the table are calculated based on the assumption that the hypothetical termination of employment occurred on December 31, 2018. See the table above for a calculation of the intrinsic value of accelerated equity following a change in control.

Scenario	Cash Severance (\$)	Benefits (\$)	Total (\$)
Voluntary Resignation (No Good Reason)	—	—	—
Qualifying Termination	6,038,130	35,000	6,073,130
Involuntary Termination for Cause	—	—	—
Qualifying Termination Following Change In Control	6,038,130	125,000	6,163,130
No Termination Following Change in Control	—	—	—

⁽¹⁾ Under the terms of the agreement, Mr. Moody would be entitled to be paid the amounts of any accrued benefits through the date of termination to the extent not previously paid or provided, along with the use of a company car for one year from the termination date.

CEO Pay Ratio

We calculated the CEO Pay Ratio in compliance with the requirements of Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K. For 2018 we calculated our pay ratio using the same criteria and the median employee as identified and reported for 2017 because we do not believe that our employee population or compensation arrangements changed to a degree that would significantly change our pay ratio disclosure. For 2018, our median employee's (excluding the CEO) annual total compensation was \$52,524 and our Chief Executive Officer's annual total compensation was \$4,144,909. As such, our CEO to Employee Pay Ratio was 79 to 1.

For 2017, our median employee was identified from our total employee population (excluding the CEO) as of December 31, 2017, using total gross earnings for 2017 as our consistently applied compensation measure, without annualizing the compensation of individuals who were employed for less than the full year. We then calculated that median employee's annual total compensation for 2017 in the same manner used for the Named Executive Officers in the Summary Compensation Table above.

The Company believes that because companies may employ differing methodologies and/or assumptions to determine the pay ratio, this pay ratio should not be relied upon when comparing the Company to other companies or to its peers.

**PROPOSAL 2: RATIFICATION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

BKD, LLP, an independent registered public accounting firm, has served as our independent auditors since 2014 and audited our consolidated financial statements for the year ended December 31, 2018. The Audit Committee is directly responsible for the appointment of our independent registered public accounting firm and has appointed BKD, LLP to audit our financial statements for the year ending December 31, 2019. If the stockholders do not ratify the appointment of BKD, LLP as the Company's independent registered public accounting firm, the Audit Committee will consider the matter at its next meeting. Even if the appointment is ratified, the Audit Committee, at its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be appropriate.

Representatives of BKD, LLP have informed us that they will be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

Pursuant to Rule 14a-8 under the Exchange Act, stockholders may present proper proposals for inclusion in our proxy statement and form of proxy and for consideration at our next annual meeting of stockholders. In order for a stockholder proposal to be eligible for inclusion in the proxy statement and form of proxy for next year's annual meeting pursuant to Rule 14a-8(e) of the Exchange Act, the proposal must be received by the Secretary of NWLGI at 10801 N Mopac Expy Bldg 3, Austin, TX 78759 not later than January 3, 2020, the date that is at least 120 days prior to May 3, 2020, the anniversary date that this proxy statement was first made available to stockholders. Such proposals must meet all of the requirements of applicable Delaware law and the rules and regulations promulgated by the SEC (including the requirements of Rule 14a-8) to be eligible for inclusion in our 2020 proxy materials. While the Board of Directors will consider stockholder proposals, we reserve the right to omit from our proxy statement and form of proxy stockholder proposals that we are not required to include under the Exchange Act, including Rule 14a-8.

Stockholders may contact the Secretary at our principal executive office located at 10801 N Mopac Expy Bldg 3, Austin, TX 78759 for a copy of the requirements for making stockholder proposals.

Management does not intend to present and does not have any reason to believe that others will present at the Annual Meeting any item of business other than those set forth herein. However, if other matters are properly presented for a vote, the proxies will be voted upon such matters at the discretion and in accordance with the judgment of the person acting under the proxy.
